Dear Glenn,

Re: Client Reference

As discussed, I would be happy to provide a client reference for your firm.

We have now engaged Atma Environmental Pty Ltd on multiple occasions to provide us with pre-purchase due diligence advice on contaminated land issues. Your expert knowledge has been essential in assisting us with the costing and planning of our mission based urban renewal, aged care, affordable housing and independent living future planning land acquisitions.

Your firm assisted us by determining the environmental risk associated with site contamination/potential site contamination and in one instance your advice directly assisted in the negotiation process and added real value to the outcome.

Your company has been a pleasure to work with – of particular note is your ability to engage and deliver at short notice whilst maintaining a high quality, reliable result.

I would have no hesitation in verbally endorsing this reference to other prospective clients.

Yours sincerely,

Melinda van der Westhuizen
