**Subject:** RE: #1478 Springvale South - Tier 1 Landfill Gas Risk Assessment at 11 Glenwood Drive, Springvale South

Thank you very much Richard for making this job a priority!

Couldn't recommend you guys enough. If we ever need your services again or know of anyone requiring these investigations, I would be happy to recommend you guys.

If council need any other information I will let you know. Considering the very low impact I doubt council will require any further investigation, fingers crossed.

Thanks again.

Kind Regards,
